The Atlas® Platinum PVL12 is a 2-post 12,000 lb. capacity ALI Certified commercial grade lift designed with the professional shop in mind. The low pad height allows this lift to accommodate both long wheel base trucks and passenger cars. The extra distance between the columns accommodates wider vehicles or vehicles with wide rearview mirrors. The extra height is perfect for tall vans and box trucks.

This product also features an ALLY Hydraulic AL2850 Power Unit. This premium power unit is certified by MET Laboratories Inc. for electrical compliance in the United States and Canada.
